- Member of Syntech Technology and Innovation Center

### Diploma in Mathematics and Physics

2012 – 16

*National Organization for Development of Exceptional Talents – Qazvin Campus*

- Graduated with a GPA of 17.40 / 20

## PUBLICATIONS & RESEARCH EXPERIENCE

### Researcher Assistant at 'Citizenship Education Plan'

2019

*Deputy of Social and Cultural Affairs of Tehran Municipality*

My role in this project was as a research assistant and data curator. For this, more than a thousand best practice related projects/plans were reviewed and summarized in an article with the purpose of helping urban managers/decision-makers to figure out how other municipalities deal with urban problems.

### Researcher at 'Monitoring the Socioeconomic Situation of Iran' (MSSI) Project

2019

*Cultural Studies Research Institute, Allameh Tabataba'ei University*

We created an executive summary of the societal situation of the nation for the government's policy designers. I have compiled and reviewed more than 50 different articles in the areas of poverty, environment, social gap, education, and mental health. I also helped the Institute to extract primary data from social networks and the Internet by utilizing the Python programming language.

### Corresponding Author: A hybrid recommender system for an E-learning system

2016

*2nd International Conference of Signal Processing and Intelligent Systems (ICSPIS)*

## COMMUNITY INVOLVEMENT

### Licensee and organizer

2020

*TEDxATU*

- License holder from May 2019 to December 2020
- The main theme: "Hope and Responsibility"
- Scheduled to be held on November 14<sup>th</sup> online due to lockdown

*'An hour of Programming' Campaign*

- A physical campaign intended to promote CS for a ninth grade of high school.
- We talked about the main concepts of CS and programming and how these concepts change the world and why it's important for students to learn and have skills in them.
- Main slogan: "Each School, Each Class, An Hour of Programming"

## PROFESSIONAL EXPERIENCE

**Director**

Apr 2019 - Present

*Andisheh Pouya Fatemi, Fatemi Cultural Institute*

- Andisheh Pouya is an educational institution that focuses on innovative educational products. These products are applied in 5,000 schools and used by 300,000 students across the country, mainly in private schools.
- I'm here to communicate with the scientific and administrative departments, evaluate the financial and marketing aspects of new products, and make sure that these products and events are performed perfectly in schools.

**Public Relations Manager**

Nov 2017 – Mar 2019

*SRC Startup Studio and Accelerator*

- I was helping the SRC Startup Accelerator, as a PR officer, with the purpose of helping them become better known among students and the entrepreneurial ecosystem, and ultimately, absorb better teams.

**Founder and managing director**

Sep 2015 – Sep 2017

*'Codelearnr' Startup*

- In CodeLearnr, programming is being taught via an interactive methodology and in the Persian language.
- This startup consisted of 3 founders and seven programmers who have contributed to its development for over two years.
- CodeLearnr attracted \$12,000 from the SRC Accelerator at the pre-seed stage.
- Two of the achievements: 1- It was placed 11th in the ranking of Iranian startups at Elecomp Stars 2016 2- Candidate for the Best Training website at the eighth IWMF festival.
